

BELOIT INTERNATIONAL FILM FESTIVAL

2024 STUDENT FILMMAKER WORKSHOP

Presented by:

BLACKHAWK
TECHNICAL COLLEGE

The Beloit International Film Festival is offering a unique opportunity for students in grades 7-12 to collaborate with professional filmmakers and learn the art of filmmaking. The program will cover storytelling, directing, and editing, among other aspects of the craft, and will culminate in a viewing of all the short films created by the students on April 10, 2024.

REGISTER TODAY

The program will consist of five sessions and will be led by Beloit filmmakers Marjorie and Brenton Driscoll of Peer Canvas. The orientation session will be held on Wednesday, February 28, 2024, at 5:00 pm at CareerTek. The remaining four sessions will be held every Wednesday in March 2024 at 5:00 pm.

The program has a capacity of 12 students. A viewing of the students' films will be scheduled for family and friends, and one lucky film will be awarded the Student Filmmaker Showcase BIFFY Award! 🏆 Also, BIFF will be partnering with PBS at the final screening, which will include films made by BMHS students for the PBS series, Wisconsin Hometown Stories.

This is a great opportunity for young filmmakers to learn from professionals and hone their skills. Don't miss out!
